

JUNIOR SCOREKEEPING – 2009

Requirements:

- 1. Attend a GEVA clinic. The average length of the Scorekeeper clinic is 90 minutes. All of the information covered is contained in USAV rulebook. Reading the rulebook in advance of the clinic is not required, as all necessary information will be covered in detail at the clinic.**
- 2. At the end of the clinic, candidates will take a written test covering the rules and techniques of scorekeeping. The passing grade is 80%.**
- 3. The candidate will then keep score at a GEVA sanctioned event, with a USAV certified First Referee, who holds a Provisional or higher rating, under actual match conditions. A minimum of one match (2 sets) plus one deciding set are required. The Referee must sign the completed scoresheets.**
- 4. The Tournament Director (or the Club Director in the case of deciding set scoresheets completed at a sanctioned scrimmage) will forward all scoresheets to the Junior Scorekeeper Coordinator for approval at the following address:
Mrs. Margaret Stead
P. O. Box 994
Hillburn, NY 10931**
- 5. The Club Director will be notified of the certification of the candidate by the Junior Scorekeeper Coordinator.**
- 6. If a candidate becomes certified, the next season, attendance at a clinic is not required, but they must submit satisfactory scoresheets from one match (2 sets) plus a deciding set to renew their certification. The following season, they must attend a clinic, pass the written test and submit satisfactory scoresheets from one match (2 sets) plus a deciding set to renew their certification.**

Coaches should remind their players that only 1 legal scorekeeper is allowed at the scoring table. Any other players wishing to score a set may do so, but away from the score table.

All scoresheets at GEVA tournaments will be reviewed to assure that certified scorekeepers continue to score correctly even after receiving certification.
